**To perform a compliance update:**

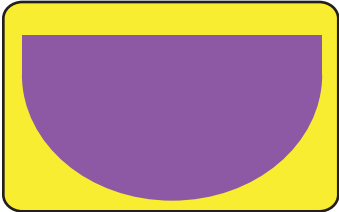

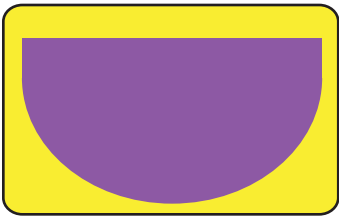

Please adjust tips if applicable and settle any open batch in the terminal to avoid deleting transactions.

If you are unsuccessful with your download, or have questions about these instructions, please contact us by calling 1-888.804.4222, and selecting the terminal help desk options.

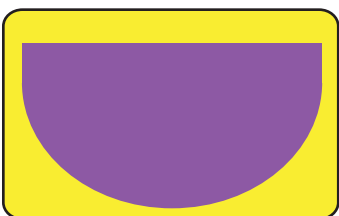

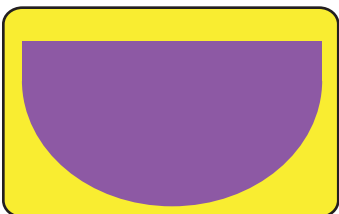

1. From the idle screen, press the “More” key 2 times and select “Other Setup” by pressing the “F2” key on the right hand side of the display.

2. Terminal will display “Password:” Key in 998877, then press “Enter:”

3. Once entering the setup menu, press the “More” key 2 times and select “Download” by pressing the “F1” key on the right hand side of the display.

4. Press the “F1” again to select “Term.”

5. Press the “F2” key to select “Parm.”

Terminal will display “Dialing,” then “Transmitting,” then when connected a progress bar will appear like so:

-----

For each 10% finished with the update, each dash will turn to a star like so:

\*\*\*\_-----

This process is approximately 6 minutes. When completed successfully, the terminal will display “Download Done.” At this point the terminal will return to the idle screen. If anything else appears on the screen other than the above stated such as an error message, please contact the Terminal Helpdesk.
